ILO Global Business and Disability Network
‘Promoting disability-smart companies’
The ILO Global Business and Disability Network is a unique employer-led initiative that works to promote the inclusion of people with disabilities in workplaces around the world. Our members include multinational enterprises, national business and disability networks, and international not-for-profit and disabled people’s organizations.

In 2015, the GBDN introduced its Charter which commits its company signatories to support 10 disability inclusion principles. The Charter is the core document of the GBDN and serves as a guiding framework for companies to achieve both business success and equal opportunities for persons with disabilities in the workplace.

Be ‘disability smart’ and join us!
As a GBDN member you will benefit at all levels:

- **Learn from your peers:**
  Webinars, task forces, conferences, joint publications and tools

- **Let a global audience know about your inclusion work:**
  Website, newsletter and social media

- **Get support for disability inclusion at national level:**
  Technical advice and exclusive contact to national business and disability networks, DPOs and ILO partners
